Final Prediction

BE THE BEST

Netherlands Vs Spain

Who will be the Champion?

Predicted on 11 July 2010, Singapore, 4 hours before kick-off (By: LIM Eng Cheong)

Just as we are about to witness the birth of a new winner in the World Cup Honours' list, I decided to make one more prediction for this month long tournament.

In my previous article on World Cup Predictions in the May 2010 issue of ProsperTimes™, some of the outcomes did not happen as we expected. I am not being defensive but there are some points that I really hope to clarify here. It was a simple analysis that was performed more than one month before the first match kicked off. Based on the birth dates, only the luck of the coaches is considered. Luck of players or goalkeepers is not analysed. The luck of each individual is also not considered on the actual match days. Without the birth

time data, luck analyses are only accurate to a certain extent. Hence, I said that it was a simple analysis.

The prediction that I am going to make now is different. This is done just 4 hours before the Final kicks off. Not only is the luck of the individual coaches being considered on the actual match day, I have also taken a peek into the luck of the goalkeepers and key players. Their jersey colours have an impact on the players' form as well. In addition to using BaZi, I have performed a Yi Jing (I-Ching) divination on the outcome of the much awaited match. Mind you, the accuracy of this prediction has increased tremendously!

If you have read my previous article on World Cup predictions, you would have been warned of the charging bull! Yes, the oracle has spoken! And it has revealed that SPAIN will be the newly crowned World Champion! I am on the same side as Paul, the amazingly accurate psychic octopus. Sorry Parrot Mani, even though we live on the same island, I have to be impartial in my prediction.

I foresee a fierce contest between the Dutchman and the Spaniard as the oracle has revealed a total clash configuration. The attack-minded Dutchman will not sit back and play counter attacking football like the Germans. Netherlands will be taking the initiative to attack and brings the game to Spain. However, the Dutch assault will prove to be futile. The Spaniards will soak up the pressure and make the

Dutch pay during the Spanish counter-attack.

Both sides will draw blood from each other. Spain is likely to score one more than Netherlands when the final whistle is blown.

Examining the lucky stars of the coaches, Vicente del Bosque will breathe easier than his Dutch counterpart, Bert van Marwijk. Arjen Robben, Wesley Sneijder and David Villa will be working hard for the ball. Iker Casillas will have a slightly safer pair of hands than the Dutch goalkeeper, Maarten Stekelenburg.

Football history's in the making. Again in the name of fun, let us welcome a new champion ... and be kind to animals.
