

Start Work On This Day If You Want Good Luck in Dog Year 2018

By Singapore Feng Shui Master Lim Eng Cheong (www.ProsperWithFengShui.com)

How does it sound if I could help you to begin the New Year on an absolutely lucky note? Brilliant! Fantastic!

How would you feel if I tell you that you are able to enjoy good luck for the rest of the year? Pretty awesome, isn't it.

We need to go back to work anyway after a period of festive fun and New Year cheer. If I could choose to start the New Year on an auspicious day and enjoy good luck for the rest of the year, I would jump at the opportunity. For this luck thing, I would rather believe and embrace it than pretend to dismiss it as superstition without scientific basis. By the way, there are many things in this world that science cannot explain.

Now do what I ask you to do and start work on this day if you want good luck in Dog Year 2018. (See table)

Good luck! I wish you a successful and lucky year ahead!
