RAT Zodiac Luck in Rat Year 2020 流年运程

If you think that this is going to be your year and you are going to rule over the other animal zodiacs, you would be so wrong. On the contrary, the Rat violates the Grand Duke (犯太岁) in Rat Year 2020 and you will be presented with a host of problems and obstacles. Your haters will seize every chance to take a dig at you. No matter what you do or say, you will set tongues wagging. People are watching you and you need to be prudent and discreet. Under the influence of the Crouching Corpse Star (伏尸), the Rat is sluggish and indolent. You tend to lose interest and focus. Being aimless, your development or progress is stifled. To make sure that your time is not wasted away, you must get your act together and be determined to put your life in order.

Wealth Luck 财运

In a football or basketball match, as long as you score more than your opponent, you win the match. Similarly, in Rat Year 2020, you would be fine if you are able to earn more than you spend. Unexpected expenditure would be common. Accidents like dropping your phone into the toilet bowl or unintentionally putting metallic wares into your microwave oven, will cause you to lose money in getting your appliances repaired or replaced. You should therefore watch your expenditure and not spend more than what you earn. The Rat should also refrain from gambling or making high-risk investments.

Health 健康

The presence of inauspicious stars increases the likelihood of blood loss and injuries. The Rat should ensure safety or exercise caution when using tools or operating machinery. In addition, the Rat should also beware of ailments related to the kidneys, bladder, urinary system or reproductive organ.

TIGER Zodiac Luck in Rat Year 2020 流年运程

Tiger may be one of the most feared creatures in the animal kingdom but this fearsome aura is subdued in Rat Year 2020. The Heavenly Dog Star (天狗) and Disaster Star (灾煞) bring with them obstacles and challenges. The Tiger, powerful and domineering as they may be, has to exercise care and caution, and think before they act. Stay away from the spotlight, conserve energy and set aside reserves to adapt to changes or emergency situations. The Tiger should adopt a more balanced approach and not be carried away by wishful thinking. Leaving a leeway for others and staying clear of funeral wakes or hospital visits, may help to avert unnecessary trouble or disaster too. Moreover, the Tiger has to work or study doubly hard to avoid regression or a drop in grades. Rat Year 2020 is not the time for the Tiger to be complacent or rest on their laurels.

Wealth Luck 财运

Things are not going to be straightforward for the Tiger in Rat Year 2020. Inauspicious stars are more than willing to take a bite out of your hard-earned savings. They will lurk in the shadows and strike when you least expect them to. Monetary loss seems inevitable. However, there is a way to ward off this merciless ravage of your vulnerable coffers. This would be a piece of cake for those of you who are adept shoppers. The idea is simple. Spend your money first before it is robbed. Get yourself a nice gift at the beginning of the year so that you "lose" money to fulfill the prophecy. It is, however, not totally pessimistic for the Tiger. There are chances of gaining unexpected wealth after losing it in Rat Year 2020.

Health 健康

If there is only one big advice for the Tiger to take away in Rat Year 2020, that would be to TAKE CARE! The inauspicious stars bring with them accidents and inflict injuries. Complacency would be your biggest nemesis. Just when you think that everything is alright, trouble will find its way to you and take you by surprise. It is strongly advisable for the Tiger to refrain from taking part in high-risk sports or activities. Always exercise care and ensure safety in whatever you do, especially when you are traveling or driving.

You would be off the mark if you think that the Tiger can continue to exude awe-inspiring aura and exert influence in the workplace. Rat Year 2020 is going to be tough, challenging and tiring. With work piled up like a mountain, the Tiger can hardly catch its breath. An assignment that usually takes an hour to complete will now take two hours instead. If you think you will be duly rewarded for your extra effort, you would be grossly mistaken. Your hard work is likely to go unnoticed and progression is limited. Moreover, misunderstanding may arise between you and your colleagues, leading to friction and communication breakdown. Go the extra mile to improve interpersonal relationship if you want to breathe easier in Rat Year 2020.

Relationship 感情

Although romance luck is relatively weak for the Tiger in Rat Year 2020, there is still a glimmer of hope in certain windows of opportunities. Picking the opportune timing to express your feelings will determine whether you will fall in love or out of love in Rat Year 2020. As for those who are already married or in love, you may experience ups and downs in your relationship with your partner. Trust, responsibility, care and concern are vital ingredients in a loving and lasting relationship. It is crucial to be sensitive to the needs of your better-half too.

RABBIT Zodiac Luck in Rat Year 2020 流年运程

Emotions run high and a little complicated for the Rabbit in Rat Year 2020. There is a "punishing" clash (刑) between the Rabbit and the Rat. Originally, the Water Element (水) of the Rat supports the Wood Element (木) of the Rabbit. However, instead of being grateful, it turns its back against its supporter. This implies ingratitude, wilfulness and it goes against the protocol. Interpersonal relationship is seemingly more intricate and complex than usual. This sets tongues wagging and sows seeds of dispute. Fortunately, the auspicious Heaven Virtue Star (天德) arrives to clear the air and save the day. The Rabbit may also take a vacation to calm down tense emotions and uplift spirits.

Wealth Luck 财运

Wealth luck is more straightforward for the Rabbit in Rat Year 2020. The arrival of the Heaven Virtue Star (天德) and Blessings Star (福星) bodes well for the Rabbit in the monetary aspect. A pay raise is quite likely and riches will find its way to you. However, it is not advisable to invest in high-risk financial products. You may consider putting your money in fixed assets or less risky investments.

Health 健康

The "punishing" clash between the Rabbit and the Grand Duke (太岁) causes health problems. Seek treatment early if you are unwell. Maintain a healthy and balanced diet, and exercise regularly to strengthen your constitution. Fortunately, your lucky stars alleviate the negative impact and help to avert disasters and calamities.

The Horse clashes with the Grand Duke (太岁) in Rat Year 2020. The sun sets and you are thrown into darkness. Facing a strong adversary, and being besieged on all sides, the year is fraught with obstacles and challenges. Losses seem inevitable. This is an extremely worrisome and vexing year. Fortunes are tumultuous and inconsistent. The Horse should ponder deeply and weigh a matter carefully before proceeding cautiously and gradually. When there is a clash, there is bound to be movement. You could expect changes to your job or working environment. It is important to keep your emotions in check and avoid heaping too much stress upon yourself.

Wealth Luck 财运

Instead of wasting energy lamenting your sorry plight, the Horse should conserve resources, and channel limited and remaining strength in accumulating hard-to-come-by wealth. Money is not going to drop from the sky. You have to work hard to earn it. Moreover, you have to watch your budget and expenditure as unexpected monetary losses will make a dent in your savings. Be prudent and exercise caution when you sign contracts or agreements. It would also be wishful thinking if you hope to make a fast buck on the gaming tables or in speculating shares or commodities.

Health 健康

As the Horse is vulnerable to viruses and diseases in Rat Year 2020, it would be smart for the Horse to avoid crowded venues or places with poor ventilation. Seek medical advice promptly if you are ill. In addition, exercise care and ensure safety when you are traveling or on the road. If you need to operate machinery or use sharp tools, always remember to put on your safety gear. Watch out for contaminated food and ensure personal hygiene to avoid gastrointestinal health issues.

Relationship 感情

When you face difficulties in business or work, you would hope to find solace and comfort at home. You wouldn't want to come home to a grumpy or unforgiving partner. It is crucial to make effort to maintain an amicable and loving relationship with your partner and avoid getting into an argument with him or her. Notwithstanding insipid social engagement opportunities, singles should attempt to broaden their perspectives and live their lives to the fullest.

GOAT Zodiac Luck in Rat Year 2020 流年运势

The good work and career achievements of the Goat are likely to be carried over from the previous year to Rat Year 2020. The Lunar Virtue Star (月德) blesses you with helpful and supportive colleagues and friends, to make your life easier and your work more smooth sailing. Even if you encounter difficulties or challenges, people around you would be happy to lend you a helping hand. However, things are not all rosy and the Goat cannot have the best of both worlds. The Goat is more injury-prone and health is not at its best. That is not all. To steer clear of scandals and gossips, the Goat must remain peaceful, mild-mannered and be compassionate to others. Humility and prudence will save the day for you and offer you a more stable journey in Rat Year 2020.

Wealth Luck 财运

If it has been rewarding for you in the previous year, share the rewards with your team or people who have helped you along the way. You may be awesome and super brilliant but you should not bask in rays of glory alone. Always attribute your success to the team. Always acknowledge the people and think that you would not be where you are without their help. There could be minor monetary losses for the Goat in Rat Year 2020 but you should be able to accumulate more than what you lose by the end of the year.

Health 健康

Illness finds its way in by the mouth. The Goat should watch the diet and ensure personal hygiene. Especially for the elderly, there is a high chance of having gastrointestinal issues. It is therefore important to know what you eat and watch out for contaminated food.

If a country is divided, it will not progress. If there is continuous infighting in a company, it will not prosper. If a team is not united, it will not be successful. The Goat should spend the first half of the year to get the act together, to put the house in order and set the team in the right path. The most pressing matter is to consolidate the position and lay the foundation. If you have new plans in mind or would like to explore a new concept, it is crucial to study and research extensively before you act. The second-half of the year would be a good time for you to execute your plans and strive to achieve good performance.

Relationship 感情

The Flower of Romance Star (桃花) is shining brightly upon the Goat in Rat Year 2020. For singles, this would be a good opportunity to pay more attention to people around you and be more sensitive to the feelings of potential suitors. For those who are currently in a relationship and deeply in love, this would be opportune timing to ring the wedding bells and be blessed with conjugal felicity. However, for married couples, beware of being victims of the badger game and always stay loyal to your partner.

A big factor in determining whether you will enjoy success in your career in Rat Year 2020 depends on how you manage your interpersonal relationship with your bosses and colleagues. There is a good chance that you will be able to showcase your competencies to advance your career objectives. However, if you do not see eye to eye with your bosses or your working relationship with your colleagues sours, your progress may be jeopardised, or even worse, you may be compelled to seek employment elsewhere. It would therefore be wise to maintain constant communication with your coworkers during work, and continue to connect and link up with them after work to establish good relationship.

Despite the absence of the Flower of Romance Star (桃花), the harmonious combination (三合) between the Monkey and the Rat symbolises the bond of love, union or concord. People who are deeply in love may consider tying the knot and ringing the wedding bells. As for those who are secretly in love with someone, pluck up your courage and take the initiative to express your feelings for her. You may be pleasantly surprised by your unexpected good fortunes.

PIG Zodiac Luck in Rat Year 2020 流年运程

After going through a topsy-turvy year, the Pig will see light and enjoy more stability in Rat Year 2020. Gloom is lifted and things are on the way up. Thorny and tricky problems, which seemed impossible to resolve in the previous year, see better hope of being settled in Rat Year 2020. Akin to the clearing of a clogged pipe or easing of the traffic jam, things are more smooth sailing for the Pig. However, just like a person recovering from a long bout of illness, the Pig needs to be patient, take things one step at a time and proceed with caution. You should also conserve your energy so as to prepare for contingencies and handle unexpected events.

Wealth Luck 财运

Unlike the previous year of pessimism and stagnant vibes, Rat Year 2020 presents a rejuvenating picture of growth and blossoming flowers. The Pig may also be offered more money-making opportunities and there is a higher chance of landing extra jobs or gaining extra cash in Rat Year 2020. However, you should be mindful of frauds and scams. Expected wealth (正财) seems to be regaining its lost momentum and on a charging mode, but unexpected wealth (偏财) is weak and lacklustre. The Pig should therefore refrain from gambling or making high-risk investments.

Health 健康

The Pig needs to be wary of Fire-element-related ailments in Rat Year 2020. You have to beware of ailments related to the heart, blood vessels, the eye or eyesight. Ensure that you have a balanced diet and keep a watchful eye on your blood pressure. Avoid strenuous exercises or activities. Go for regular medical check-ups to ensure that your health is in an optimal condition.

Relationship 感情

There is a likelihood of messy triangular love affair. It is important for married couples to stay faithful to each other. Your fidelity to your spouse should not waver.
