If you think that this is your year and you can bulldoze your way through in Ox Year 2021, that's bull and you are so wrong. On the contrary, the Ox is in conflict with the Grand Duke (犯太岁) and it implies the likelihood of difficulties, obstacles and calamities. You may try to isolate yourself from others and mind your own business but trouble still manage to sneak in and come knocking on your door. You may invite undesirable gossips or scurrilous attacks for the slightest mistake or the most trivial matter. Moreover, if you are not careful, it is easy for you to land in hot soup and find yourself at the wrong side of the law. Being headstrong will do you no good and it would be wise to curb your stubbornness and wilfulness. It is crucial to get your act together and pull yourself together to overcome the challenges with unwavering fortitude and determination.

Wealth Luck 财运

Things are not going to be straightforward for the Ox in Ox Year 2021. Inauspicious stars are more than willing to take a bite out of your hard-earned savings. They will lurk in the shadows and strike when you least expect them to. Monetary loss seems inevitable. However, there is a way to ward off this merciless ravage of your vulnerable coffers. The idea is simple. Spend your money first before it is gone unjustifiably. Get yourself a nice gift at the beginning of the year so that you "lose" money to fulfill the prophecy. It is also not advisable for the Ox to gamble or make risky investments. Akin to using meat buns to hit the dogs, which implies that the meat buns will be gone forever, it would not be wise to lend money to others as well.

Health 健康

Health would be another bugbear for the Ox in Ox Year 2021. Inauspicious stars arrive and illnesses seem inevitable. You may even need to undergo surgery if things are severe. Beware of injuries and car accidents. Exercise regularly and diligently. It would also be sensible to place your bed and sleep in an auspicious Feng Shui sector of your house to enhance your health and well-being.

The Goat clashes with the Grand Duke (太岁) in Ox Year 2021. When there is a clash, there are bound to be changes and movement. The pasture is not green anymore, and the big bad wolf is lurking in the shadows and waiting for the opportunity to pounce on the hapless Goat. Do not dance on the volcano or trouble the quiet snake. Caution is not cowardice and carelessness is not courage. It pays to be more careful and consider things more thoroughly before proceeding. One who has no health has nothing. Do not take your health for granted. If there is a need, seek treatment early. You could also expect changes to your job or working environment. You may make progress but there are likely to be events or situations that cause you to be further behind when you made the progress. Watch your expenditure like a hawk.
